

Arctic Energy  
Alliance

# Bioheat Opportunities in Canada

Wood Pellet Association of Canada Conference  
Halifax, NS  
September 23, 2025

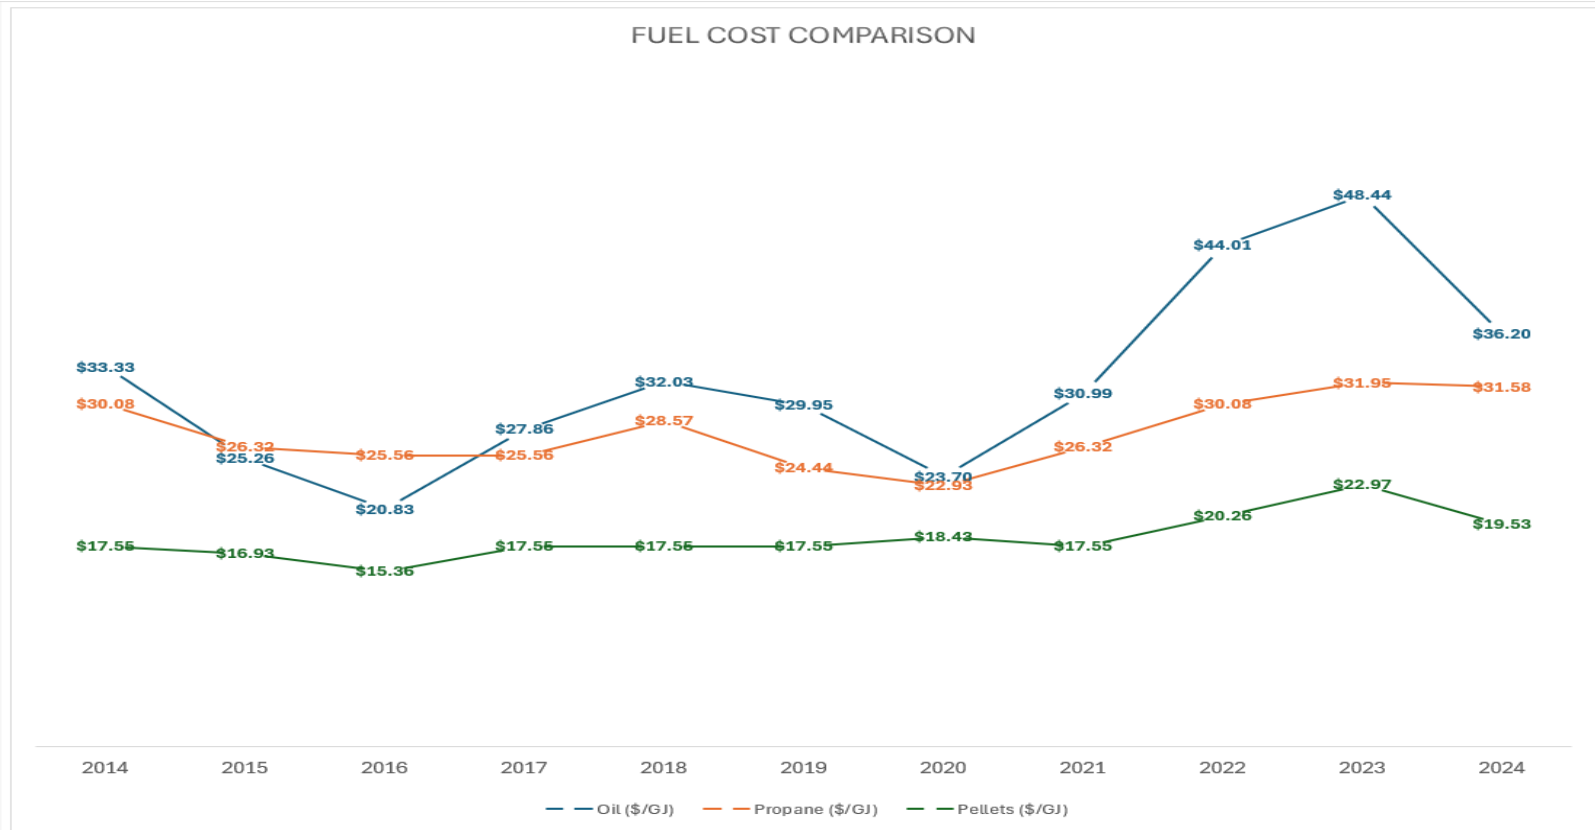

# The Northwest Territories: A Leader in Biomass Adoption

How did we get here?

The NWT's Biomass Journey

- The benefits of being a small jurisdiction
- Government leading the way (no, seriously)
- An apolitical technology

# Cost Savings

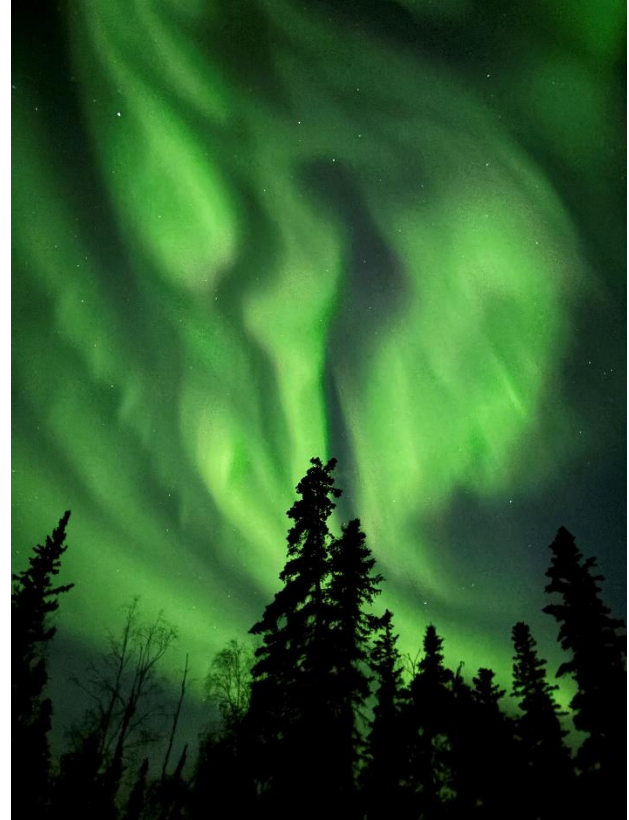

## Successes and Challenges

- Expanding biomass for space heating continues to be a priority in the NWT
- Large district heating system under consideration in Yellowknife
- Capacity Challenges: Building local skills
- Guaranteeing fuel supply
- Self-sufficiency and local fuel production

# Arctic Bioenergy Summit and Tour

**You're Invited!**

**Arctic Bioenergy Summit  
and Tour**, taking place  
**January 26–28, 2026** in  
Yellowknife,  
Northwest Territories  
More details coming soon!

Quyanainni  
Mahsi  
Thank you  
Merci
